Journal of Sports Science and Medicine (JSSM) is a nonprofit scientific electronic journal, publishing research and case studies, and review articles in the fields of sports medicine and exercise sciences. JSSM is an open access journal which means that all content is freely available without charge to the user or his/her institution. Users are allowed to read, download, copy, print, search, or link to the full texts of the articles, or use them for any other lawful purpose, without asking prior permission from the publisher or the author. This is in accordance with the BOAI definition of open access. JSSM is published quarterly in March, June, September and December. JSSM also publishes editorials, letter to editors, abstracts of congress, panel, conference and symposium, and can function as an open discussion forum on significant issues in the sports medicine and exercise sciences. Articles written in English should be sent to JSSM. The journal content could be presented not only in print (pdf format) but also through the use of video, audio and interactive software since it is being published as an electronic journal. Authors, therefore, are encouraged to submit articles those use all appropriate media. The JSSM does not accept descriptive studies or data reports.

MISSION

JSSM is an electronic journal aims to present easy access to the scientific knowledge for sport-conscious individuals using contemporary methods. The purpose is to minimise the problems like the delays in publishing process of the articles or to acquire previous issues by drawing advantage from electronic medium. In this context, forming a discussion channel among the researchers would present a further opportunity to address any question or problem immediately. JSSM would also facilitate to display non-conventional materials like video clips, animations, colour photographs, etc.

SUBMISSION REQUIREMENTS

Manuscripts that do not comply with the following requirements and directives for process, style, and format will not enter the peer-review process.

INSTRUCTIONS TO AUTHORS

Research and review articles, case and brief reports, letter to editors should be submitted to JSSM in the field of sports injuries, exercise physiology, sports rehabilitation, diseases and exercise, sports traumatology, sports psychology, nutrition, sports biomechanics and kinesiology, sports education. The articles are to be submitted electronically to Editor-in-Chief. Editors may make necessary changes to articles in accordance with "Instructions to Authors". There is no page and reference limitation for the manuscript. All files related to manuscripts should be submitted electronically. Internet transmission and e-mail attachments are preferred.

Text files should be in Microsoft Word 6.0 and later versions. Each figure, table, photograph or other image should be submitted electronically. The manuscripts should be submitted in Times New Roman font, 12-point type, double-spaced with 3 cm margins on all sides. The reference style used by the Journal is the Harvard System of referencing. All files related to manuscripts should be submitted electronically.

ETHICAL / LEGAL CONSIDERATIONS

Manuscripts are considered if they are submitted only to JSSM and therefore should not be under consideration for publication elsewhere, either in part or in whole, in any language, without the consent of JSSM. Authors are responsible for the scientific content and legal aspects of the articles. Each author also accepts that the JSSM will not be held legally responsible for any claims of compensation.

Authors wishing to include figures or text passages that have already been published elsewhere are required to obtain permission from the copyright holder(s) and to include evidence that such permission has been granted when submitting their papers. Any material received without such evidence that the author(s) are free of charge. Authors are only requested to pay USD($) 1800 or Euro(€) 1500 or GBP (£) 1375 per article as royalty fee. Hereby, the authors share the copyright equally with JSSM and have the right to publish their articles in their University/Institute repository or in their personal websites; can use their articles totally or partially in their thesis, lectures, lecture notes, text books; can distribute their articles to third party without the permission of JSSM. This fee is requested after positive evaluation of a manuscript. The reviewer as a submitted author of the article has a 20% discount. Only bank transfers are accepted.

AUTHOR WITHDRAWAL POLICY

An author is free to withdraw an article at no charge – as long as it is withdrawn within a week of its original submission. After a week, there is a withdrawal fee. Once peer review is completed and/or the paper is accepted for publication, there are some costs of the process, which is about 40% of the publishing fee. This cost is used for the publishing fee bonus of JSSM's reviewers. Therefore, the withdrawal fee is 40% of the publishing fee. For detail, you can contact with the editor-in-chief.

REVIEW AND PUBLISHING POLICY

It is understood that all authors listed on a manuscript have agreed to its submission. The signature on the corresponding author on the letter of submission signifies that all conditions declared by JSSM web page have been fulfilled and accepted. Each submission should include the Copyright Transfer Statement signed by all authors.

JSSM use double blind review process. Upon receipt of a manuscript the editor will notify the corresponding author that the submission has been received. Received manuscripts are first examined by the JSSM editors and check about Plagiarism by using a commercial software program. Manuscripts with insufficient priority for publication and presence of Plagiarism are rejected promptly. Manuscripts not prepared in the advised style will be sent back to authors without scientific review. We encourage authors to suggest the names of potential reviewers, but we reserve the right of final selection. The manuscript will undergo a double blinded review process. Under this process the editor will forward (electronically) the manuscript to two independent reviewers. Normally the review process will take approximately 4 weeks. After the review process has been completed the main author will be notified via E-mail either of acceptance, revision or rejection of the manuscript. If the main author has not been informed of the results of the review process after 8 weeks from the date of notification of receipt of the manuscript (by the editor), the author should notify the editor-in-chief directly. If revision was recommended, this should be completed and returned to the editor within 4 weeks, failure to return the revised manuscript within the allotted time span will lead to rejection of the manuscript. When a manuscript has been accepted for publication it will be forwarded to the editor-in-chief for final approval. The editor-in-chief will work with the main author to make necessary revisions in order for the manuscript to appear in
